SUMMARY

Product-minded React Native Developer with nearly 2 years (1.9 years) of professional and internship experience building modern, intuitive, and high-performance cross-platform mobile and web applications. Skilled in API integration, state management, component architecture, and UI/UX optimization for seamless iOS and Android deployments. Continuous learner dedicated to clean code and scalable digital product engineering.

SKILLS & DEVELOPMENT PRACTICES

Mobile & Frontend	React Native, Expo, TypeScript, JavaScript (ES6+), React.js, HTML5, CSS3, Tailwind CSS
State & Networking	Redux, Context API, REST APIs, Axios, Fetch API
Dev Practices	Component Architecture, Responsive Design, Performance Optimization, Cross-Platform, Scrum
Tools & Platforms	Git, GitHub, Jira, VS Code, Figma

PROFESSIONAL EXPERIENCE

React Native Developer — *Chainscript Pvt Ltd* Jan 2025 – Present | Tenkasi, TN

Project: Karma League Mobile Application (React Native, Expo, TypeScript, Redux, REST APIs)

- Developed and maintained core application modules using React Native and Expo frameworks.
- Built and enhanced Chat functionality to significantly improve user communication and platform engagement.
- Developed interactive Leaderboard features to dynamically display user rankings and statistics.
- Implemented Create Post workflows, enabling users to seamlessly publish custom content.
- Integrated REST APIs to facilitate dynamic content rendering and real-time user features.
- Created reusable, scalable UI components to improve code maintainability and efficiency.
- Collaborated with cross-functional teams to ship production-ready mobile features.
- Focused strictly on application performance optimization, bug fixing, and visual enhancements.
- Improved UI responsiveness and cross-platform user experience across Android and iOS devices.

Frontend Developer — *Chainscript Pvt Ltd* Tenkasi, TN

Project: Admin Dashboard CMS (React.js, JavaScript, Tailwind CSS, REST APIs)

- Developed comprehensive CMS along with administrative control and user management modules.
- Built fully responsive dashboard interfaces equipped with custom analytical widgets and data tables.
- Connected data streams via API integrations, boosting workflow and report compilation efficiency.
- Maximized platform usability by strictly adhering to user-friendly responsive web designs.

Frontend / React Native Intern — *Chainscript Pvt Ltd* 3 Months | Tenkasi, TN

- Completed intensive internship contributing directly to frontend and mobile application development tasks.
- Assisted with UI implementation, targeted bug fixes, and API integration support.
- Worked on creating reusable components and ensuring responsive interfaces for web and mobile screens.
- Gained hands-on experience in React, React Native, JavaScript, and real-world workflows.

EDUCATION

B.E. in Mechanical Engineering Graduated: Apr 2023
PSN Institute of Technology and Science, Anna University Tirunelveli, TN
